WORK EXPERIENCE

Publix Supermarkets Inc. | Customer Service Staff May 2023 – Present

- Certified Money Services Provider responsible for processing high-value transactions, bill payments, Western Union services, and financial verification with 100% accuracy.
- Lead shifts by coordinating front-end operations, resolving escalated customer issues, and ensuring proper staffing at registers and self-checkout.
- Trained and mentored new cashiers on POS operation, customer service standards, and store procedures, improving team performance and reducing onboarding time.

PROJECTS

Azure Sentinel & KQL Detection Lab

- Built a home-lab SIEM in Microsoft Sentinel and Log Analytics, ingesting Windows Security Event logs from a monitored VM via Azure Monitor Agent and a custom Data Collection Rule.
- Simulated adversary techniques with Atomic Red Team (MITRE ATT&CK) and authored custom KQL detection rules, triaging the resulting incidents end-to-end in Sentinel.

HackTheBox Portfolio

- Completed hands-on challenges and modules covering networking, malware analysis, privilege escalation, and web exploitation.

ADDITIONAL

- **Programming:** C, Python, SQL, PowerShell, Bash, Javascript, HTML, KQL.
- **Offensive Tools:** Kali Linux, Metasploit, Nmap, Wireshark, Hydra, SQLMap, Hashcat, FFUF.
- **Defensive Tools:** Splunk, Autopsy, Snort, Various Eric Zimmerman Tools (KAPE, FTK Imager, Registry Explorer, LECmd, MFTECmd), Network Miner, Volatility3.
